Daisybox - Daisy player

Let the Daisybox read to you. The Daisybox provides you with reading pleasure whenever you want it. Your reading buddy.

The new Daisybox is particularly suitable for people who are blind, visually impaired, or have difficulty reading. The Daisybox is a plug & play online and offline DAISY player with audible instructions that provides access to a wealth of books, newspapers, and magazines.

You make your selection by listening to the spoken instructions and pressing OK to select. Enjoy listening to the latest spoken books and the most recent issue of your favorite magazine or daily newspaper.

The Daisybox is the easiest to operate online and offline DAISY player available. Simply press

the ON button and you will hear a spoken menu. Press the OK button when you hear the title of the book, magazine, or newspaper of your choice. That's all!

The convenient large high-contrast buttons make operation easy for everyone. CDs are unnecessary. The Daisy player connects directly to the library. The large speaker provides a lot of listening comfort.

What do you need?

- An internet connection (WIFI, cable, or 4G/5G) to download your books, magazines, or newspapers
- A membership at a library with spoken Daisy books and/or a subscription to spoken magazines and newspapers.
